SELECTED COMMENTS FROM THOSE WHO SIGNED

- A. I sign this because I am a third-generation Oregonian and someone needs to say enough is enough
- B. "Because I listened to the scanner right around the time of the incident. I was so afraid for Lavoy's life. I lived in JD OR and was waiting for Lavoy to speak here.
- C. There seemed to be a underlying object to not wanting him to make the meeting he was heading to.
- D. My family is the Finicums. My aunt nelda and uncle David have the right to know the truth. This is there son. I stood with the Bundys and I will always stand with my family the Finicums.
- E. Jon Ritzhiemr- I am a direct victim in this case! We need the American people to unite so we can fix this peacefully. We The People!!!!!!
- F. I am signing this petition, because it is an issue very close to my heart and I am so saddened to have lost our very zealous Freedom Leader, standing up for the Constitutional rights of his neighbors the Hammonds. and other ranchers that have had their land stolen to get the uranium mine to sell to Russia. This is a terrible scandal in OR and the people involved must be prosecuted. An innocent man is dead. He never pointed a gun at anyone ever, not even in his dying moments. you better believe if he wanted to, he would have pulled the gun in time to shoot.
- G. "The very fabric of our nation is at stake if this injustice is allowed to stand.

- H. Our government has become the Enemy Within.
- I. I'm a retired law enforcement officer. I've reviewed and studied the evidence released this far not only supports the statements of the citizens, it proves criminal actions perpetrated by law enforcement under color of authority.
- J. After reviewing the video, and conducting my own research, it is VERY clear that Lavoy Finicum and passengers were ambushed to prevent them from reach their destination.
- K. What I watched in horror with my own eyes should never ever happen again and those involved need to be brought to justice.
- L. I am terrified about the thought of no accountability in this shooting. A man lost his life. A wife lost a husband.
- M. I'm signing because I believe excessive force was used by law enforcement. They showed a disgusting lack of concern for the lives of the people in that truck and also when they murdered a man with his hands in the air.
- N. "Hold the shooter accountable! Law enforcement had no right to fire on American Citizens! This was an attempt to violate the 1st and 2nd amendment rights of the peaceful and reasoned protest against government overreach and tyranny! The FBI is now the KGB!!
- O. I think the FBI and Oregon State Police went bezerk and killed Lavoy Finicum and tried to kill the passengers for no good reason.
- P. The more I see and hear of this incident, the more I believe that Mr Finicum was shot in cold blood. He clearly had his hands in the air and was shot from behind. All of the officers there should be charged with murder! No one stopped it and no one helped. In fact one of them gave the dead body of Mr. Finicum the middle finger.
- Q. These people in Finicum's truck were on their way to deliver a presentation to a large crowd of people and to meet with an oath keeping constitutional sheriff. They were armed with projectors and an 18 year old girl who was going to sing, with her cowgirl boots and her showtime clothes and makeup. All that came to a tragic end because people began shooting at them, unjustifiably. This should never be forgotten!!
- R. This was a ambush to try and stop United States citizen from spreading the truth how the federal government has overstepped its boundaries and their illegal activities.
- S. I want a full and thorough investigation into all aspects of the traffic stop, road block, and all actions taken against the victim (Robert Lavoy Finicum) and the passengers of his vehicle. Last time I checked shooting a man in the back, with no visible weapon, is not a Justifiable action by anyone!
- T. The whole way things went down that were totally unjustified. There whole was to kill everyone in that truck. And kind of thing doesn't happen in the United States of America, or at least it shouldn't. And I want everyone involved to be prosecuted to the full extent of the law. And I mean everyone that went after this group of people that were out to teach there neighbors there rights.
- U. What I saw on that video was NOT my country...it looked like something out of the Communist Soviet Union!
- V. I want this shooting investigated by an impartial, unbiased committee. And bring those guilty of crimes prosecuted. Peaceful protesters should not be killed by our government. If you lose the faith and trust of the people you will not be in power very long. I hope this can be resolved without any further violence from either side, thank you.
- W. As a retired law enforcement Officer, it is appalling and embarrassing to learn of the gross negligence and dereliction of duty being purpetrated under color of authority.
- X. The police have become Nazis. Americans are more afraid of the police than the criminals. It is hard to tell the difference anymore.
- Y. "I'm signing because I'm a Marine. My Oath has no end date. Obviously the Judge, jailer & BLM are the Domestic Enemy of the Constitution of the United States. This is what happens when people don't know what our Constitution reads. "
- Z. "I am an American and I want faith in my country restored."
